Inside Nuclear with NucNet

Progressive Finland Sees Progress With Nuclear Projects 90

NucNet

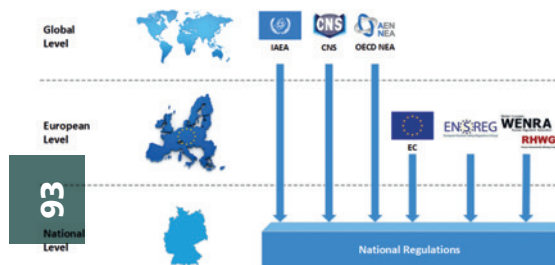

DAtF Notes 91

Calendar 92

Energy Policy, Economy and Law

The Revision of the German Regulations in the Light of Developments in the EU and Worldwide 93

Kay Nünighoff

German regulations in an international context.

Spotlight on Nuclear Law

Every Year Again: Court of Justice of the European Union Judgement on Environmental Appeals Act 98

„Alle Jahre wieder“ – Zum EuGH-Urteil vom 15. Oktober 2015 betreffend das Umwelt-Rechtsbehelfsgesetz und den nach wie vor unzureichenden Zugang zu deutschen Gerichten 98

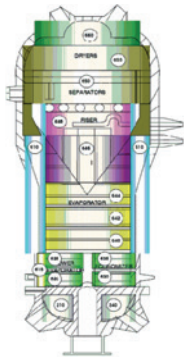

Ulrike Feldmann

Environment and Safety

RETRAN Safety Analysis to Increase the Over-Pressure Safety Margin for OPR1000 Nuclear Power Plant 99

Jong Woon Park

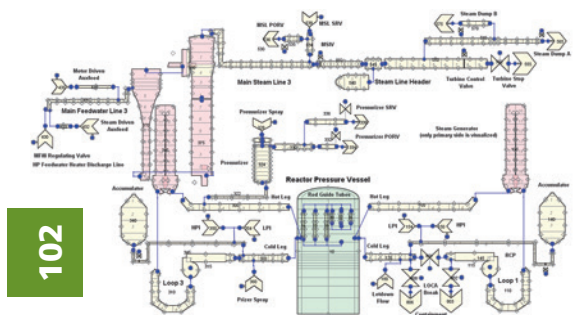

99

Nodalization for RCS in RETRAN.

Investigation of Loss of Coolant Accidents in Pressurised Water Reactors Using the “Dynamic Best-estimate Safety Analysis” (DYBESA) Method for Considering Uncertainties in TRACE 102

Michael Sporn and Antonio Hurtado

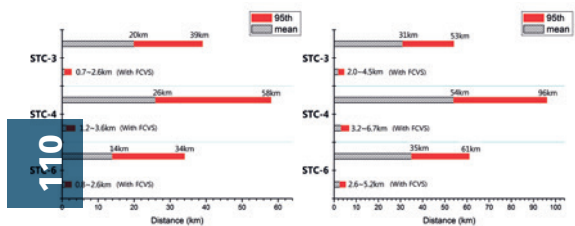

102

SNAP view of the 3-loop PWR TRACE model.

Operation and New Build

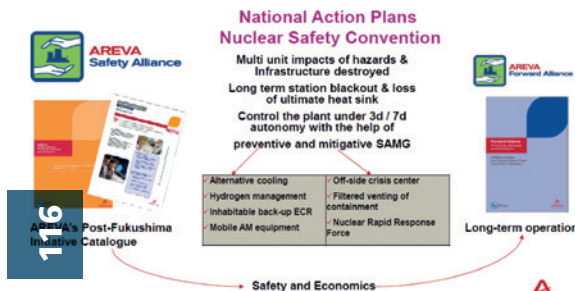

An Effect of Containment Filtered Venting System on Scale of Contamination Under Severe Accident 110

Ju young Jeon and Jai-ki Lee

110

The distance that exceeds the dose criteria.

116

AREVA's post Fukushima initiative.

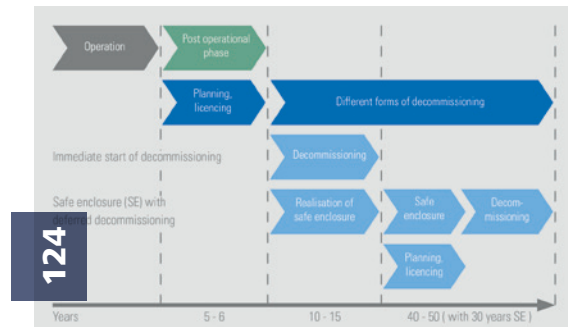

International Demands for Retrofitting, Trends in the Nuclear Industry, Safety Margins, Concepts and Options for Retrofit 116
 Nachfrage nach Nachrüstungen international; industrielle Trends; Rolle von Sicherheitsmargen, Nachrüstkonzepte und -möglichkeiten 116

Rolf Janke, Uwe Stoll and Claudius Grasnick

Decommissioning and Waste Management

Nuclear Power Plants: Safe and Efficient Decommissioning 124

Helmut Huger and Richard Woodcock

124

Different forms of decommissioning.

AMNT 2015

Key Topic | Enhanced Safety & Operation Excellence 129
