Repository Documentation Rethought

View of the turbogenerator of the Temelin nuclear power plant. CEZ's nuclear power plants at the Temelin site with two VVER-1000 in operation provide about 2,160 MWe of electricity. The six NPP's at Temelin and Dukovany contribute about 30 % of the electricity production in the Czech Republic. (Courtesy: CEZ)

Inside Nuclear with NucNet

Q&A: The Future of Nuclear Energy in Spain. . . . 646

NucNet

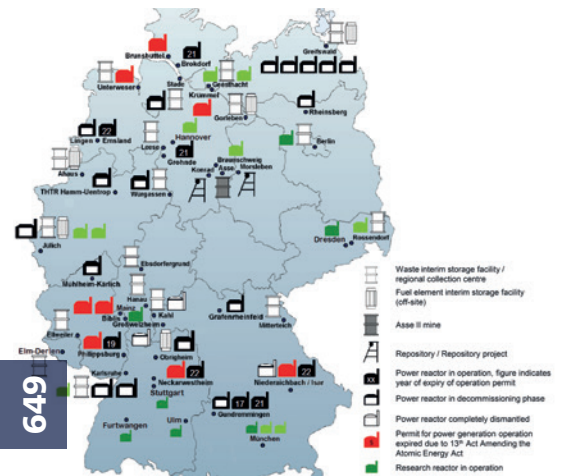

646

The control room of the Spanish nuclear power plant St. Maria de Garoña.

Decommissioning and Waste Management

Repository Documentation Rethought
 A Comprehensive Approach from Untreated
 Waste to Waste Packages for Final Disposal 649

Anton Philipp Anthofer and Johannes Schubert

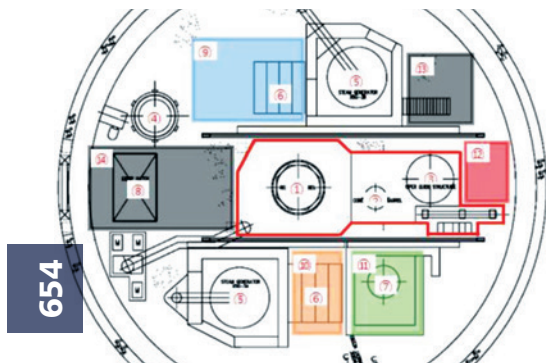

649

Nuclear power plants and interim storage facilities in Germany.

Optimization of Reactor Pressure Vessel Internals Segmentation in Korea 654

Byung-Sik Lee

Calendar 648

Reactor Building Layout in Kori unit 1.

Spotlight on Nuclear Law

- Nuclear Law in Motion – Report on the 15th Regional Meeting of the German Section of AIDN/INLA e. V. 660
- Atomrecht in Bewegung – Bericht über die 15. Regionaltagung der Deutschen Landesgruppe der AIDN/INLA e.V. 660

Ulrike Feldmann

Energy Policy, Economy and Law

- Implementation of the Waste Management Transfer Act – Requirements From a Regulatory Point of View 664
- Zur Umsetzung des Entsorgungsübergangsgesetzes – Anforderungen aus regulatorischer Sicht 664

Christian Müller-Dehn

- The Iranian Nuclear Deal: Caught Between Centrifuge and Separative Working Unit? 668

Debalina Ghoshal

DAtF Notes. 670

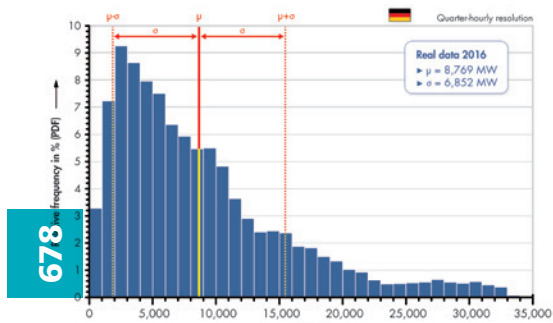

Research and Innovation

- Certification Centres for Management Systems in the Energy Industry: Principles, Normative Specifications, DAkKS Specifications, Formalita Using the Example of ISO 27001. 672
- Zertifizierungsstellen für Managementsysteme in der Energiewirtschaft: Grundlagen, normative Vorgaben, DAkKS Vorgaben, Formalita am Beispiel ISO 27001 672

Stefan Loubichi

- Wind Energy in Germany and Europe Status, Potentials and Challenges for Baseload Application Part 1: Developments in Germany Since 2010 678

Thomas Linnemann and Guido S. Vallana

Frequency distribution of electric power output of the German wind fleet in 2016.

AMNT 2017

- Key Topic |** Enhanced Safety & Operation Excellence: **Focus Session:** International Operational Experience. 688

Ludger Mohrbach

- Nuclear Energy Campus 690

Helge Gottschling

Nuclear Energy Campus.

Report

- Scientists and Professionals from all around the World in Karlsruhe: Frédéric Joliot/Otto Hahn Summer School 2017 on Nuclear Reactors "Physics, Fuels and Systems". 692
